

SCHOOL AIMS

In the light of the Mission Statement the School aims to:-

- * *Begin the process of educating the whole person, integrating each child's spiritual, intellectual, moral, social, cultural, aesthetic and physical development so that each one achieves his/her full potential and that fullness of life which God intended: in this endeavour, to encourage a real interaction between home and school.*
- * *Pass on knowledge and understanding of the Roman Catholic Faith, uphold the Church's teaching and values and make prayer, worship and liturgy a real experience and an integral part of school life.*
- * *Be a caring, courteous and disciplined community where relationships are formed and conducted according to Christ's Law of Love.*
- * *Encourage the school as a whole and as part of a wider community, by contributing to appropriate activities (such as charitable projects, social, sporting and cultural activities), so that every child becomes more aware of his/her Christian responsibilities to society.*
